DIGITAL EARTH GROUND RESISTANCE TESTER

PONPE 319EG

- Ground resistance measurements from 0.01Ω to 2000Ω with 0.01Ω resolution
- Data hold, low battery warning
- Complete with test leads, auxiliary earth bars, heavy duty case and six 1.5V batteries

Specifications

- Earth Ground Resistance : $0/20/200/2000\Omega \pm(2\%+3)$
- Earth Voltage: $0\sim 30V \pm(3\%+5)$
- Resolution: 0.01Ω
- Data Hold
- Working LED Indicator
- Function Symbol Display
- Low Battery Warning

General Characteristics

- Power: AA1.5Vx6(UM3)
- Product Size: 150 x 100 x 70 mm
- Product Net Weight: approx. 680g
- Standard Accessories
 - earth bars and wires (DY39)
 - simplified test wire for eart resistance (DY41)
 - carry case (DY4)
